## Message For The News Letter Indian Association of Surgical Oncology

Indian Association of Surgical Oncology, one of the Sections of the Association of Surgeons of India, has contributed significantly to the growth of cancer education and research in India. It has also helped in the improvement of the quality of cancer care. Now a time has come when there is an overall increase in the incidence of cancer, greater awareness of cancer and increase in the dedicated cancer surgeons all over India. It is a time also to bring

all the surgeons interested in surgical oncology to the fold of the INDIAN ASSOCIATION OF SURGICAL ONCOLOGY. A Strong Indian Association of Surgical Oncology will help in giving direction to the efforts against the Cancer problem in our country. Let us, therefore, take upon ourselves to make efforts to bring all the cancer surgeons to the fold of India Association of Surgical Oncology.
